Subject: Freedom of Information Act (FOIA) Request # 2024-01435

Dear Mr. Powell:

This letter responds to your October 28, 2023, Freedom of Information Act (FOIA) request that was assigned to FAA's Security and Hazardous Materials Safety (ASH) organization on January 5, 2024. Your request seeks "a copy of the 100+ FAA incident reports that were provided to AARO and were mentioned in AARO's October 17, 2023, report to Congress."

The "*Fiscal Year 2023 Consolidated Annual Report on Unidentified Anomalous Phenomena*" published on October 17, 2023, has a reporting period of 31 August 2022 to 30 April 2023. ASH's Office of National Security Programs and Incident Response, FAA Washington Operations Center (AXE-100) conducted an electronic search for records that may be released under the FOIA. AXE-100 located a spreadsheet that was submitted to the All-domain Anomaly Resolution Office. ASH printed the spreadsheet to Adobe PDF and the resulting 9 pages of incident reports is enclosed. As part of the FAA's review of the responsive records, ASH consulted with the Department of Air Force in accordance with 49 CFR 7.28; both agencies determined that no exemptions apply to the responsive records, and they are therefore being released to you in full with no redaction.

There are no fees associated with the processing of this request.

You have the right to seek dispute resolution services from the FAA FOIA Public Liaison via phone (202-267-7799) or email (9-AFN-FOIA-Public-Liaison@faa.gov) noting FOIA Public Liaison in the Subject or the Office of Government Information Services (<https://ogis.archives.gov>) via phone (202-741-5770 / toll-free--1-877-684-6448; fax--202-741-5769); or email (ogis@nara.gov).

Sincerely,

TONYA DAWN
